2 Bale Trailing Side Elevator Feeder

Capacity

2 Round Bales or 2 Square Bales.

Features

- Capacity—2 Round Bales or 2 Square Bales.
- 2 Bale Trailing Feeder provides excellent performance with both square and round bales.
- Patented Rotor Feed system on left side.
- Elevator on right hand side.
- Heavy-duty 4.4 tonne capacity hub assemblies.
- Hub shields protect seals from hay and twine.
- Electric remote control.
- Low centre of gravity and excellent ground clearance.
- Left hand side lowers down level to allow bales to be carried and unloaded.
This is also lowered for feeding square bales.
- Full width anti-wrap / deflector bar, feeds product clear of the wheels.
- Two stage loading forks with adjustable free running slider platform.
- 2" Heavy duty zinc plated floor chain with high tensile battens.
- Full sheet metal adjustable floor to protect shafts from wrapping with product.
- Robust 125x75x5mm RHS chassis rails.
- Heavy duty towing eye. Ø40mm hole.
- Spring tension drive chains.
- 10.0/75-15.3 flotation tyres.
- Steel drive chain covers.
- Hydraulic Hose end holder.
- Removable Jack and separate carry brackets.
- Fully sandblasted and painted with 2 pack Urethane.
- Weight approx. 950 kg.

Options

- BKT Tractor grip tyres.
